UNIQUE SHADE DESIGN

Something new under the sun

Sun means life. The sun invites us to get outside. The sun seems to expand the world we live in. But when the sun shines just a little bit too brightly, you long for a place in the shadow. Parasol literally means 'to keep the sun out'. An Umbrosa on the contrary creates shadow. It allows you to keep enjoying the sun. For both the residential and the project market, Umbrosa is not afraid to reinvent existing products. Our shadow creations stand out among the rest because of their shapes and functions. They are robust, easy to open and close and they require little maintenance. Their design is accessible and playful and always comes with a cheeky smile that helps break the dullness. They are just different. They are unique, just like you. Umbrosa is your guarantee for affordable luxury, durable Belgian quality and reliable functionality. Ingeniously made shadow creations as the ultimate finishing touch in your garden or on your patio.

FR/ Du neuf sous le soleil

Le soleil fait vivre, il nous invite à sortir. Le soleil élargit nos horizons. Mais lorsqu'il se montre trop ardent, le besoin d'ombre se fait sentir. Parasol signifie littéralement 'repousser le soleil'. Un Umbrosa, lui, crée de l'ombre. Vous pouvez ainsi continuer à profiter du soleil. Umbrosa ose réinventer des produits existants, tant pour le marché particulier que pour celui des projets. Nos créations d'ombrage brillent par leur forme et leurs fonctionnalités. Elles sont robustes, faciles à ouvrir et à fermer et elles n'exigent que peu d'entretien. Leur design est accessible et ludique, signées d'une petite touche qui brise la monotonie. Elles sont tout simplement différentes. Uniques. Comme vous. Umbrosa vous garantit un confort abordable, une qualité belge durable et une fonctionnalité fiable. Des créations d'ombrage ingénieusement conçues, offrant la touche finale ultime à votre jardin ou votre terrasse.

DE/ Etwas Neues unter der Sonne

Sonne ist Leben. Die Sonne lädt uns ein, nach draußen zu kommen. Sie erweitert unseren Lebensbereich. Doch wenn die Sonne ein wenig zu kräftig hervorkommt, sehnen Sie sich nach einem Plätzchen im Schatten. „Parasol“ bedeutet wörtlich „die Sonne abwehren“. Ein Umbrosa dagegen spendet Schatten. So dass Sie die Sonne weiterhin genießen können. Sowohl für den Privatbereich als auch den Projektmarkt schafft Umbrosa es, vorhandene Produkte neu zu erfinden. Unsere Schattenkreationen bestechen durch ihre Form und ihre Funktionalität. Sie sind stabil, leicht zu öffnen und zu schließen, und sie benötigen wenig Pflege. Ihr Design ist ansprechend und verspielt. Immer mit einem Augenzwinkern, das die Langeweile durchbricht. Sie sind einfach anders. Einzigartig, genau wie Sie. Umbrosa bürgt für bezahlbaren Komfort, nachhaltige belgische Qualität und zuverlässige Funktionalität. Auf raffinierte Art zusammengesetzte Schattenspenden verleihen Ihrem Garten oder Ihrer Terrasse den letzten Schliff.

NL/ Iets nieuws onder de zon

Zon doet leven. De zon nodigt ons uit om naar buiten te komen. De zon maakt onze leefwereld groter. Maar wanneer de zon iets te fel uit de hoek komt, verlangt u naar een plekje in de schaduw. Parasol betekent letterlijk 'de zon weren'. Een Umbrosa, daarentegen, maakt schaduw. Zodat u kunt blijven genieten van de zon. Zowel voor de particuliere markt als voor de projectmarkt durft Umbrosa bestaande producten opnieuw uit te vinden. Onze schaduwcreaties vallen op door hun vorm en hun werking. Ze zijn robuust, makkelijk te openen en te sluiten én ze vergen weinig onderhoud. Hun design is toegankelijk en speels. Altijd met een knipoog die de saaiheid doorbreekt. Ze zijn gewoon anders. Uniek, net als u.

IT/ Novità al sole

Il sole dà vita. Il sole ci invita ad uscire. Il sole esalta, espande il mondo in cui viviamo. Ma quando il sole è troppo forte, desideriamo un angolo all'ombra. "Parasole" significa "riparare dal sole". Ogni prodotto Umbrosa crea ombra per vivere al meglio il sole. Sia per il mercato privato sia per quello professionale, Umbrosa osa inventare prodotti diversi da ciò che già esiste. Le nostre creazioni si distinguono per forma e funzionamento innovativi, sono robuste, facili da utilizzare e richiedono poca manutenzione. Il loro design è accessibile e divertente, con fare sfrontato rompono la monotonia di tutti i giorni. Sono semplicemente diversi, unici... come Voi. Umbrosa è lusso possibile, qualità belga garanzia di durata e affidabilità. Ingegnose creazioni d'ombra, tocco finale nel Vostro giardino e terrazzo.

ES/ Algo nuevo bajo el sol

El sol da la vida, nos anima a salir y hasta parece ensanchar el mundo en el que vivimos; pero cuando brilla un poco más de la cuenta, buscamos un lugar a la sombra. Ahí entran en juego los parasoles Umbrosa, para que disfrute del sol de la manera más refrescante. Tanto en el mercado residencial como en el de proyectos, Umbrosa no duda en reinventar los productos existentes. Nuestras creaciones destacan entre las demás por su forma y utilidad. Son sólidas, fáciles de abrir y cerrar, y requieren poco mantenimiento. Su chispeante diseño siempre ofrece una sonrisa de complicidad para romper con la monotonía. Son diferentes, únicas, como usted. Umbrosa es su garantía de lujo asequible, calidad, fiabilidad y funcionalidad. Estas ingeniosas creaciones serán el exquisito toque final para el jardín o la entrada de su casa.

Architects Nicolas Verraver and Gauthier Desplanque began their design bureau, NG Design, from their existing architectural bureau, NG Architect. NG Design expresses their passion for design, their love of everything that combines beauty and function, and their respect for the environment.

Eye-catcher and shadow maker all in one. Already while designing it, creating shadow was not the Eclipsum's only goal. The Eclipsum is a design object, with all of the trump cards of a functional umbrella. The large, elegant ring with its design shade sail offers a tempting, artistic spectacle and reviving shadow.

FR/ Bijou esthétique et parasol tout en un. Dès les premières phases de développement, l'ombrage n'était pas le seul objectif poursuivi. L'Eclipsum est un objet de design avec tous les atouts d'un parasol fonctionnel. La protection solaire tendue au centre d'un grand anneau gracieux crée un spectacle artistique séduisant et une ombre bienfaisante.

DE/ Eyecatcher und Schattenspender in einem. Schon beim Entwurf des Eclipsum war die Aufgabe als Schattenspender nicht das einzige Ziel. Der Eclipsum ist ein Designobjekt mit allen Trümpfen eines funktionellen Sonnenschirms. Der große, elegante Ring mit eingespanntem Tuch sorgt für ein attraktives kunstvolles Schauspiel und erfrischenden Schatten.

NL/ Blikvanger en schaduwmaker in één. Al van bij het ontwerp van de Eclipsum was schaduw niet het enige doel. De Eclipsum is een designobject met alle troeven van een functionele parasol. De grote, sierlijke ring met opgespannen zonnescherf zorgt voor een verleidelijk artistiek schouwspel én verkwikkende schaduw.

IT/ Oggetto che attira l'attenzione e ombrellone in uno. Nella progettazione dell'Eclipsum, lo scopo non era solo creare ombra. L'Eclipsum è un oggetto design con tutte le carte vincenti di un ombrellone funzionale. L'importante anello elegante con il suo schermo solare teso che offre al tempo stesso uno spettacolo artistico seducente e ombra rigenerante.

ES/ La sombrilla que acapara las miradas, con un diseño tan cuidado como su función de dar sombra. Se trata de un objeto de diseño, con todas las ventajas de una sombrilla eficaz. Dirk Wynants earned international fame as a trendsetter in outdoor living. More than anyone else, he drew his inspiration from an engaged and creative vision of design. He has attention not only for the material requirements, but he also explores the different ways of answering some of the important themes circulating in society. For him, contemporary design is more than a matter of trendy or attractive objects. Design is about innovative solutions that contribute to making a better world.

DIRK WYNANTS

The Infina stands for rest and simplicity. Without the busy knot of ribs and visible frame, the Infina is a real gem of pure aesthetics. The visually very soothing effect provides a clean design, which throws overboard all ballast of the classic center-pole umbrella. The Infina combines a minimalistic design with maximum performance in terms of wind-resistance.

FR/ L'Infina exhale la sérénité et la simplicité. Sans l'écheveau des baleines et de leurs supports, l'Infina nous offre un bijou d'esthétique pure. L'effet visuel apaisant crée un design sobre qui supprime la lourdeur du parasol sur pied classique. L'Infina combine un langage formel minimaliste à une protection maximale contre le vent.

DE/ Der Infina steht für Ruhe und Schlichtheit. Ohne dichtes Gewirr von Streben und Halterungen ist der Infina eine Perle reinsten Ästhetik. Der optisch viel Ruhe ausstrahlende Effekt schafft ein klares Design, das allen Ballast des klassischen Sonnenschirms mit Mast über Bord wirft. Der Infina kombiniert minimalistische Formensprache mit maximalem Windwiderstand.

NL/ De Infina staat voor rust en eenvoud. Zonder het drukke kluwen van baleinen en baleinhouder, is de Infina een pareltje van pure esthetiek. Het visueel zeer rustgevende effect zorgt voor een clean design dat alle ballast van de klassieke stokparasol overboord gooit. De Infina combineert een minimalistische vormtaal met maximale prestaties op het vlak van windweerstand.

IT/ Infina è sinonimo di riposo e semplicità. Senza corona e le tradizionali stecche, Infina è una perla di pura estetica. Il design pulito garantisce un effetto visivo molto rilassante e "butta a mare" tutte le zavorre del classico ombrellone a palo centrale. Infina combina un linguaggio visivo contemporaneo minimalista con il massimo delle prestazioni in termini di resistenza al vento.

ES/ Infina apuesta por el descanso y la sencillez. Olvídense de las poco atractivas varillas. Infina es una pura joya del diseño y la estética. El efecto visualmente relajante que ofrece con su diseño depurado arroja por la borda todo el lastre visual de la sombrilla clásica. Infina combina un lenguaje visual minimalista con una máxima resistencia al viento.

With its Icarus, Umbrosa kills two birds with one stone. Inspired by nature, we designed a shadow maker that at the same time can be used as a windscreen. The Icarus embraces and protects. It creates the safe security of a cocoon, while you can enjoy the beautiful weather to the fullest.

FR/ Avec l'Icarus, Umbrosa fait d'une pierre deux coups. Puisant l'inspiration dans la nature, nous avons conçu un parasol qui protège non seulement du soleil mais servant également d'écran pour le vent. L'Icarus enveloppe et protège. Il crée l'intimité rassurante d'un cocon, tout en vous permettant de profiter pleinement du beau temps.

DE/ Von der Natur inspiriert, hat Umbrosa einen Schattenspender entworfen, der gleichzeitig auch als Windschutz fungiert. Der Icarus umarmt und schützt. Er schafft die sichere Geborgenheit eines Kokons, während Sie das schöne Wetter in vollen Zügen genießen können.

IT/ Con Icarus Umbrosa prende due piccioni con una fava! Ispirati dalla natura, abbiamo disegnato un ombrellone che serve anche da frangivento!! Icarus abbraccia e protegge. La confortevole protezione di un guscio per godere a pieno del bel tempo all'aperto. .

Because of its unique shape, the Spectra offers an endless variety of positions. This stunning shadow maker, both round and square, combines the beauty of the flat design with the functionality of the fan system. Thanks to this system, the umbrella closes horizontally instead of vertically. A unique and contemporary concept.

FR/ Avec sa forme unique, le Spectra offre un éventail infini de positions. Ce parasol sobre, au design arrondi ou carré, allie la beauté d'un concept plat à la fonctionnalité d'un système en éventail. Grâce à ce système, le parasol se replie horizontalement. Un concept contemporain unique.

DE/ Mit seiner außergewöhnlichen Form bietet der Spectra eine unendliche Palette an Positionen. PARAFLEX / PARAFLEX EVOLUTION 0.7

In 1999, Peter Leleu conceived of the Paraflex as the solution for a problem that he was confronted with every day of his life... parasols that caught the wind and flew off. A practical, hands-on design that has proven attractive for both the project sector and private individuals. Peter currently heads up sales at Umbrosa.

PETER LELEU

Nothing beats the versatility of the human body. As a result, for the Paraflex, we let ourselves be inspired by the manoeuvrability and strength of the human arm. A space-saving solution, without a base and without a pole, which offers you the possibility to create shadow wherever you want it, by means of one, two or more umbrellas, according to your needs. The light and compact Paraflex offers maximum shade and is highly wind-resistant.

FR/ Rien ne surpasse la polyvalence du corps humain. Pour la gamme Paraflex, nous nous sommes inspirés de la flexibilité et de la solidité du bras humain. Une solution compacte – sans pied et sans support – qui vous permet d’ombrager la zone de votre choix. Avec un, deux ou plusieurs parasols, selon vos besoins. Le Paraflex, léger et compact, offre un ombrage maximal et résiste particulièrement bien au vent.

DE/ Nichts ist vielseitiger als der menschliche Körper. Für den Paraflex haben wir uns daher von der Gelenkigkeit und Stärke des menschlichen Arms inspirieren lassen. Eine platzsparende Lösung – ohne Fuß und ohne Mast –, dadurch können Sie Schatten erzeugen, wo Sie wollen. Mit einem, zwei oder mehr Schirmen, je nach Ihren Bedürfnissen. Der leichte und kompakte Paraflex spendet maximalen Schatten und ist besonders windbeständig.

NL/ Niets overtreft de veelzijdigheid van het menselijk lichaam. Voor de Paraflex lieten we ons dan ook inspireren door de wendbaarheid en stevigheid van de menselijke arm. Een plaatsbesparende oplossing – zonder voet en zonder paal – die u de mogelijkheid biedt schaduw te maken waar u het wilt. Met één, twee of meerdere parasols, in functie van uw behoeften. De lichte en compacte Paraflex biedt maximale schaduw en is bijzonder windbestendig.

IT/ Nulla è più versatile del corpo umano. E proprio alla manovrabilità ed alla forza del braccio umano ci siamo ispirati per lo studio del Paraflex. Una soluzione salva-spazio – senza base o palo – che dà la possibilità di creare ombra dove volete. Con uno, due o più ombrelloni secondo le Vostre esigenze. Paraflex, leggero e compatto, offre la massima ombra ed è molto resistente al vento.

ES/ Nada supera la versatilidad del cuerpo humano. Por ello, al diseñar el Paraflex nos inspiramos en la maniobrabilidad y la fuerza del brazo humano. Se trata de una solución que ahorra espacio, sin base ni barra, que le permite disfrutar de sombra donde usted quiera, con una o dos sombrillas, según sus necesidades. Ligera y compacta, ofrece una amplia zona de sombra y es altamente resistente al viento.

Pieter Willemyns came into contact with Umbrosa when he was finishing his design studies in 2007. His openness and creativity led to groundbreaking concepts in terms of shade-creation. He has since grown to become responsible for Design and Product Development at Umbrosa. True to the company's strategy, Pieter wants to design products that are smarter, more creative, less complicated, and surprising. He wants to make shade like no-one has ever before.

PIETER WILLEMYS

For the first time, Umbrosa has introduced light in its range.

The Etna is a portable and multifunctional LED light, able to be adjusted in multiple colors to create the perfect outdoor atmosphere. Not only is the Etna fixable to almost any outdoor structure, it is completely waterproof and can be used for atmospheric lighting in the swimming pool. Average duration is 8-10 hours and includes charger and remote control.

FR/ Pour la première fois, Umbrosa introduit la lumière dans son assortiment. L'Etna est une lampe led portable, à la fois sûre et qui propose de multiples utilisations. L'Etna est waterproof et développe une lumière tout à fait constante et soutenue. La couleur peut être ajustée en fonction de l'ambiance désirée. L'Etna s'harmonise parfaitement avec l'esprit du temps d'aujourd'hui et offre la lumière où vous le désirez. Vous pouvez tout aussi bien fixer la lampe sur une toile de parasol, un pilier en métal, une table, une chaise et cela grâce à son anneau magnétique. En plus, la lampe peut être utilisée comme éclairage d'ambiance directement dans la piscine. L'Etna possède une autonomie de 8 à 10 heures et peut également être rechargée avec son chargeur à induction (inclus avec la lampe).

DE/ Etna ist ein mobiles, wasserdichtes Multifunktions LED-Licht mit variabler Einstellung des Farbspectrums für angenehme und gemütliche Atmosphäre unter dem Schirmdach. Etna passt perfekt zum heutigen Zeitgeist und bietet Licht, wo es benötigt wird. Eine innovative magnetische Befestigung macht eine aufwendige Montage entbehrlich. Licht wo Sie wollen, am Schirmdach, am Tisch, sogar als Beleuchtung im Swimmingpool. Per Induktion aufladbar und mobil einsatzfähig für 8-10 Stunden – was will man mehr!

NL/ Voor het eerst introduceert Umbrosa licht in zijn assortiment. De 'Etna' is een verplaatsbare, veilige en multifunctionele ledlamp. De Etna is waterdicht gekeurd en biedt een goede lichtsterkte. De kleur kan bovendien aangepast worden in functie van de gewenste sfeer. De Etna sluit perfect aan bij de mobiele tijdsgeest van vandaag en biedt licht daar waar er nodig is. De lamp kan immers bevestigd worden op een doek, een metalen paal, een tafel, een stoel... én kan gebruikt worden als sfeerverlichting in het zwembad. De Etna heeft een autonomie van 8 tot 10 uur en kan ook eenvoudig opgeladen worden met de bijgeleverde inductielader.

IT/ Per la prima volta, Umbrosa inserisce un sistema di illuminazione nella sua gamma di accessori. "Etna" è una luce a LED portatile, sicura e multifunzionale. L'Etna è impermeabile e offre una buona luminosità. Il colore può essere regolato secondo l'atmosfera desiderata. Etna si sposa perfettamente con lo spirito del momento e fornisce la luce dove serve. La lampada può essere fissata su un telo, su un palo di metallo, su un tavolo od una sedia ... e può essere usato come luce d'ambiente in piscina. Etna ha un'autonomia di 8 a 10 ore e può essere facilmente ricaricata con il caricabatterie ad induzione incluso.

ES/ Es la primera vez que Umbrosa introduce una luz en su surtido. Etna es una luz móvil con tecnología led, muy segura, multifuncional e impermeable, que entrega una buena iluminación. Puede adaptar el color a la medida del ambiente requerido. Etna queda bien con el espíritu del siglo móvil contemporáneo y ofrece luz donde se necesita. Puede fijar la luz a la lona, al mástil metálico, a la mesa, a la silla, etc. También puede ser usada como iluminación ambiente en un sector húmedo como los entornos de la piscina. Su carga permite una autonomía de 8 a 10 horas, la que se repone fácilmente con su sistema de inducción.
